

Amazing Acres Corn Maze & Pumpkin Farm is a unique family experience. The farm is over 90 acres and is packed with many fun events for everyone. Explore the 14 acre corn maze with over 3.5 miles of paths. Keep a watchful eye for the 12 hidden check points.

Next, take a hayride that goes around the farm. Stop along the way to see the cows and maybe even feed them pumpkins!

After the hayride, you can walk to the barn and pick out the perfect pumpkin. Fall decorations are also available.
